EDUCATION

University of Texas at Austin

Aug. 2020 – May 2024

GPA: 3.52 / 4.00 – Bachelor of Science in Computer Science

Austin, TX

EXPERIENCE

Adonis Auto Group

Jun. 2021 – Aug. 2021

Software Development Intern

Arlington, TX

- Built a custom front-end in React for iDMS, Adonis's current Dealer Management Software
- Worked with the collections team on-site to build the front-end around their workflow
- Served as inspiration for the Golgos project

PROJECTS

Golgos DMS | AWS Lambda/Cognito, Node.js, Express.js, MySQL, TypeScript, React

Jul. 2021 – Present

- Full Dealer Management System (DMS) to help automobile dealerships with inventory, customers, and more
- Golgos is a serverless web application with user authentication managed by AWS Cognito
- Built a REST API deployed on AWS Lambda to retrieve data from a MySQL database with customer/vehicle info
- User interface built using React and Material UI framework that provides a better UX than any existing DMS

Algotrader | Python, pandas, Docker, Coinbase API, TD Ameritrade API

Jul. 2020 – Present

- Server-side program to trade securities and cryptocurrency
- Derived alphas based on technical analysis and price indicators
- Stock trader has generated over a 100% return, 4x the S&P 500, to date in paper trading
- Cryptocurrency trader also generated a positive return in paper trading in a variety of different cryptocurrencies
- Sent automatic messages with the summary of trader's daily performance

ORGANIZATIONS

Texas Convergent

Sep. 2021 – Present

Incubator Team

Austin, TX

- Texas Convergent connects founders to engineers and designers to help build, add features, and scale products

Texas Association for Computing Machinery

Aug. 2021 – Present

Member

Austin, TX

- The Association for Computing Machinery is a UT chapter of the national ACM
- ACM holds events that serve its members and the community, and is focused on the advancement of computer science studies and research, furthering computing as a profession and a science

Texas Venture Capital Group

Aug. 2021 – Present

Member

Austin, TX

- Through lectures, discussions, guest speakers, and competitions, Texas Venture Capital Group hopes to give students better access to resources for careers in venture capital
